*Home of the Red Wolves*

Dear T.F. South Parents and Students,

**The online course selection window will be open January 9<sup>th</sup> and close once counselors begin meeting with each grade level.** Please log in to [Power School](#) on a computer (this feature may not be available on the app) and click on the Course Registration icon to pick your classes for next school year. Our [curriculum guide](#) is a great resource that describes all the courses and programs we offer, and you will be able to see teacher recommendations in PowerSchool when making your selections.

**School counselors will meet individually with every student to review and finalize course selections according to the dates below.**

Grade	Start	End
9	1/22/24	1/26/24
10	1/29/24	2/2/24
11	2/20/24	3/1/24

Please follow these guidelines when selecting courses.

- All students are required to take at least 6.0 credits.
- Students should take the most challenging courses in which they can have academic success and select options that align with post-secondary plans.
- Recommended placement is based on academic performance, motivation, and standardized test scores.
- Parents can request a level change by contacting their child's assigned counselor.
- We offer a variety of Early Bird classes for students that want to take an extra elective or for early release. Seats are prioritized, so talk with your counselor about eligibility.
- Students should select alternate electives in the event their original choice is unavailable.

**Please do not hesitate to reach out to your child's counselor at any time during this process if you have a question or need assistance.**
